

Divetech Special Certification Week

June 12-19, 2010

By popular demand, Kids Sea Camp has added an advanced training week for adults and certified kids who are 15 or older. During this week, Divetech will offer both Rescue Diver & Nitrox certifications. This is a week where the parents and their teens get to dive together, learn together and bond together while progressing their skill levels for future diving adventures.

RESCUE DIVER

"Challenging" and "rewarding" are the best words to describe the PADI Rescue Diver course. This course builds upon what Kids Sea Camp families already know about how to prevent problems and how to manage them if they occur.

What you learn:

- Self rescue
- Recognizing and managing stress in other divers
- Emergency management and equipment
- Rescuing panicked divers
- Rescuing unresponsive divers

ENRICHED AIR DIVER (NITROX)

Scuba diving with enriched air nitrox gives you more no decompression dive time. This means you can typically stay down longer and get back in the water sooner, which is why many divers choose this as their very first specialty.

What you learn:

- Techniques for getting more dive time by using enriched air nitrox.
- Enriched air scuba diving equipment considerations
- Enriched air considerations, including managing oxygen exposure, how to tell what's in your scuba tank, and how to set your dive computer.

Prerequisites: Must be 15 years or older, have a PADI Advanced Open Water certification (or have a qualifying certification from another organization), and must be trained and current for first aid and CPR within the past 2 years.

WHAT'S INCLUDED:

- 7-nights oceanview accommodations at Cobalt Coast Dive Resort
- Daily courses, boat diving, shore diving and lectures
- All course materials provided
- Daily hot breakfast from the menu
- DAN membership & PADI Diving Society Membership
- Airport transfers - round trip
- All tax and service charges included

\$1842
per person

All schedules, activities, and package inclusions are subject to changes. Packages cannot be broken apart and no unused portions are refundable. All payments are nonrefundable. Trip cancellation is highly recommended.
